

Advanced Therapies Network Membership

Terms and Conditions of Membership

The Advanced Therapies Network operates three membership types. MedCity is the body which administers and manages the network.

- **Academic Membership:** For Academics and Students working on and/or interested in Advanced Therapies
- **Industry Membership:** For Life Sciences companies whose research portfolio is more than 50% on R&D activities
- **Professional Services Membership:** For companies which are providing a supporting role around R&D activities, ie tax, consultancy, legal support, etc.

The membership runs for 12 calendar months and is a rolling agreement. Memberships are awarded to individuals and cannot be transferred.

1. Academic and Industry Membership

Members of these categories can join the Advanced Therapies Network at no cost, simply by completing the online form. A MedCity member may contact them if additional information is required.

2. Professional Services Membership:

Members of this category can join the Advanced Therapies Network for an annual fee of £125.00 + VAT.

In order to be part of the network, an online membership form needs to be completed by visiting the following link: advancedtxnetwork.co.uk.

Every professional services membership shall be paid online on admission and thereafter annually and may be revised from time to time. Upon the expiration of your then current membership year, provided you have given notice in writing to MedCity of your intention not to renew your membership at least three months before the end of the final day of such membership year, your membership of the Advanced Therapies Network will cease. This notice should be provided directly to us, in writing by letter or email.

If you wish to cancel your membership but have not given suitable notice (see above) prior to the date of your renewal invoice, then you will be invoiced at least three months pro rata in lieu of your membership fee as notice if you then wish to cancel.

Those companies going through either a merger or acquisition process should contact MedCity directly so that they can be advised how this will affect their membership and subsequent fee(s).

Data Protection

Personal data is gathered in compliance with the Data Protection Act 1998 and GDPR. Please refer to the privacy notice of MedCity. MedCity is the Data Controller and Data Processor of any personal data you supply. The personal data you supply will be used to process and administer your membership subscription. As a member of the Advanced Therapies Network your data will be used for marketing, statistical and analytical purposes and to administer your membership. You will receive our membership communications and from time to time we will let you know directly about promotions and information which may be of interest. We will not pass and/or share your data with any other party.
